FOOTNOTES:

HR=Hourly Rate

DA=Daily Rate

BW=Biweekly Rate

AN=Annual Rate

To determine pay for working a partial pay period, or deductions for excessive time off, use the hourly rate.

* The hiring rate is specified in each job according to the time required to learn the job under past practice of the University. The more experience and training the new employee has, the greater the hiring rate. An employee hired into a job in grades 12, 11, 10, or 9 shall be hired at the maximum hiring rate.

These **daily rates** are for vacation payoff upon leaving the University.
